MEMORANDUM FOR THE RECORD

DEC 3 1957

SUBJECT: Concurrence in Amendment No. 3 to Contract No.
HF-EQ-6081 with Eastman Kodak Company, Rochester,
N. Y., [REDACTED]

25X1A

1. This memorandum contains a recommendation submitted for the approval of the Project Director. Such recommendation is set forth in paragraph 5.

2. Contract No. HF-EQ-6081, as amended, has been negotiated on the behalf of the Air Force and provides for construction, test and delivery of specialized film processing equipment for delivery to certain FOG bases. Amendment No. 3 to the contract provides for transportation charges of this equipment from the Contractor's plant to the cognizant depot.

4. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956, which in effect, results in all 10(b) expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 10(b) of Public Law 110, 81st Congress, for each contract.
